## Bangladesh: Statement by Awami League General Secretary Obaidul Quader on BBC World Service Documentary.

*Published by Eng Shafiq Islam (Political Analyst)*

Bangladesh Awami League General Secretary Obaidul Quader strongly condemned and protested the defamatory lies and distorted information presented by the illegal fascist Yunus regime against the Honorable Prime Minister, Awami League President, and daughter of the Father of the Nation, Bangabandhu Sheikh Hasina, as well as other members of the Bangabandhu family.

In the statement, he said: "The Bengali nation is eternally indebted to the Father of the Nation, Bangabandhu Sheikh Mujibur Rahman. Under his undisputed leadership, the Bengali nation achieved its long-cherished independence and sovereign state. Yet in today's Bangladesh, Bangabandhu and his family members are being subjected to slander and false propaganda purely for political reasons in a deliberate and organized manner."

He added that the illegal fascist occupiers led by Yunus have not only targeted the successful stateswoman Sheikh Hasina but also shamelessly spread lies and filed fabricated, baseless, and harassing corruption and murder cases against members of the Bangabandhu family. The statement also mentioned that the illegal fascist regime has been targeting the family members of the late Sheikh Mujibur Rahman.
